User interfaces

The image displays two views of the ProjectWise user interface. On the left is the ProjectWise Explorer, showing a hierarchical tree of project folders and a detailed list of files with columns for Name, Description, File Name, and State. On the right is the ProjectWise Web interface, showing a 'Connections' panel and a table of files. A context menu is open over the first row of the table, listing actions like Download, Get link, Delete, Check Out, Rename, Map to iModel, Move, Go to ProjectWise Explorer, New Version, Replace File, and Workflow.

ProjectWise 365

The screenshot displays the ProjectWise 365 user interface. At the top, a 'Project Summary' section shows statistics: New: 0, Overdue: 3, Close deadline: 0, Upcoming: 1, and a total of 17 All items. Below this are four summary cards: 4 Issues, 7 Reviews, and two partially visible cards for 'St' and 'My'. The main area is divided into 'Action Required' and '3D Design Reviews'. 'Action Required' lists four tasks: 'Add HVAC to North/East area of Building 1', 'Modify Roof hight', 'Wrong hight for specified door', and 'Misplaced equipment'. '3D Design Reviews' shows 'No design reviews assigned'. At the bottom, 'My Design Tasks' and 'My Design Reviews' sections are visible, with the first task 'Add HVAC to North/East area of Building 1' and review 'Modify Roof hight' shown.

Easy to use, instant on, 100% in the cloud CDE
